INVASION OF INDIA BEGUN BY JAPS

As the Dallas News indicates Union Labor has already gained such ascendancy over Congress and the President nothing is expected of them in the crisis brought on by only a 50 per cent devotion to production. A leading news story of the day said that labor has served notice that if it is requested to work more than 40 hours strikes will be called and the war effort stifled. What more proof do you need that Labor has come to control? Victory is secondary. What does it matter to Labor if the war is lost? That seems to be about all we can get out of such a statement. Anyway here's another one of those good Dallas News editorials today:

LET THE DEAD SPEAK

It is a strange voice that comes from Washington-as-usual to rebuke the people for getting too much in earnest about an all-out working week for an all-out war.

Washington-as-usual, it appears, means only all-out for forty hours a week. Washington-as-usual thinks that an eight-hour day on Saturday, after eight hours on the other days in the week, is so cruel as to entitle the worker to reach down into the tax money for an added premium on his sacrifice. Washington-as-usual is not disturbed at pyramided war profits. Washington-as-usual wants unity, while the country is expected to resign itself to a beating for months before we finally begin winning this war.

But the country is not resigned. It wants to begin winning this war now. The blood and tears can't be limited to forty hours a week—why should we sweat? The country is boiling angry at cantonment profits, at shutdowns for want of materials to keep going, at paying a union band $100 to stand idly by while a famous musical group plays the national anthem without charge at a patriotic meeting, at the spectacle of workingmen on rush defense jobs charged $25 to $100 for the right to work. These things make utterly furious the fathers and mothers of boys who are still empty handed in uniform, though drafted to face death on the battle line.

Sick and tired are these fathers and mothers of Washington-as-usual, with its card-indexes, its swivel chairs—and its alibis. The people are aroused as they have not been in many decades. This is no mob spirit, no sudden impulse, no wild and disordered eruption. It is as determined as the strap in the woodshed. It is as methodical as the housewife's broom. Washington-as-usual will never forget what is about to happen to it.

Let the Speaker of the House each day place on the wall behind his chair, where Old Glory's folds are draped, a fresh list of the dead heroes of America killed in battle—and never yet fully supported by their country's effort. Let the President of the United States face at his desk that roll of the dead every working minute of his day. If the living are not to be heard in Washington-as-usual, then let the dead speak.

Hospital Co-Operates In Defense Program

Cameron Hospital has placed its facilities in readiness for complete co-operation under the National Defense program and especially to serve under demands of the Home Defense organization.

Under prsent conditions hospitals and civilians alike are called upon to serve and Cameron Hospital has for some time been held in readiness to meet any service demand that may be placed upon it.

If war comes to this area or if civilian defense demands are such that the hospital would be called upon to serve then all arrangements have been made for complete co-operation. rael Johnson, negro.

Dan Tyson, City Secretary.

Sam Tyson Reports To Naval Flying School Wednesday

Sam Tyson left Cameron Wednesday for Grand Prairie, Texas, where he will become a flying cadet in the Naval Air Corps.

Sam enlisted in the Naval Air Corps sometime ago and has been awaiting his call. He was happy to receive the summons to begin his service among gallant men of the air who are carrying the battle to the war fronts of the world.

Sam, a graduate of Southwestern University, is the son of Mr. and Mrs. Dan Tyson of this city and a graduate of Yoe High School.

Many friends here and at Southwestern congratulated him on his entry into the air service and wish him all the luck in the world.

Chevrolet Owner and Employes All Out For Buying War Securities

The Grabein Chevrolet Company was the first business firm to go all out 100 per cent for the purchase of war securities, it was reported here Friday by Grady Little local director for the bond sales.

Each employe of the company has signed for the purchase of stamps weekly. This method is being resorted to by employes now and will enable the county to reach its quota.

Mr. Little is now making a canvas. He has the subscription books and you may obtain a book if you call him. Stamps are bought in accordance with the amounts each can spare. If wages are payed monthly the amount can be taken off that way also.

Three Negroes Hurt In Car Crash Early Sunday Morning

Three negroes were severely injured one critically, in a car crash near Buckholts Sunday night.

The negroes are John Pass who was critically injured; Wilburn Shanks and Lil Shanks.

The negroes reached the Cameron Hospital at 12:30 Sunday morning where they received treatment and were taken to Temple in a negro ambulance at 8 a. m. Monday.

The Sheriff's office had no information concerning the wreck. It was reported to the Herald that another car was involved in the wreck, but this was not verified, in fact information is sometimes difficult to obtain when no investigation is made.

Five Cameron Boys Leave For Kelly; To Be Flying Cadets

Five Cameron boys left here Saturday morning for Kelley Field at San Antonio to become flying cadets in Uncle Sam's rapidly expanding army of the air.

They are:

Warren Brashear, son of Judge and Mrs. Womack Brashear.

Ray Hubert Brashear, son of Mr. and Mrs. J. C. Brashear.

Billie Batte Bryan, son of Mr. and Mrs. Johnnie Bryan.

Irvin Weid, son of Mr. and Mrs. Fritz Weid of Burlington.

John Howard Pressley, son of Mr. and Mrs. H. B. Presley.

These young men enlisted and stood examination some time ago and are called up for training.

Many friends here wish for them great success and a happy return home when the war is over and victory is won by them.

Ruel McElwrath Is Recovering; Critically Injured Tuesday

Ruel McElwrath, son of Mr. and Mrs. Homer McElwrath, critically injured when his car struck a tree in Wilson-Ledbetter Park Tuesday night, is doing well today at Cameron Hospital.

A report late Friday indicated that Ruel whose life hung by a thread because of the glass cuts in his neck, will recover.

Dr. E. Rischar, attending surgeon at the Hospital and Dr. Clifford Swift performed the surgery following the accident.

The wound was so critical and delicate that no anesthetic could be administered. The glass completely severed all blood vessels and muscles in the throat for about 4 inches and the windpipe was also severed.

Ruel is now being fed by means of a tube. His remarkable courage was a prime factor in aid to surgeons who saved his life.

Dr. Roy G. Reed of the local Health Clinic, administered first aid at the park and took the boy to the hospital.

Dr. Rischar said the wound was doing all that could be expected in the critical hours following the accident and that Ruel is still in a critical condition.

WALTER WALLACE RETURNS

Walter Wallace who has been engaged in government work at Freeport returned home Wednesday to spend a few days with his family and will return shortly to his work.

Mr. Wallace said working conditions are favorable and thousands of men are finding employment there.

J. P. Marrs of Rockdale transacted business in Cameron Monday.

Eva Dell Edmonds of Rockdale visited in Cameron Tuesday.

R. M. KENNEDY FOR SHERIFF OF MILAM

R. M. (Max) Kennedy, former Sheriff of Milam County, today announced that he will be a candidate for that office in the Primary Election to be held on Saturday, July 25.

He was elected Sheriff of Milam county in 1934 and served six years.

Mr. Kennedy is a native citizen of Milam county and has spent most of his life on the farm and at one time was a contracting painter. His first public office was that of Constable in Precinct 7 where he first came to the attention of the people of Milam county as possessing the qualifications for Sheriff and first announced for the office of Sheriff while serving as Constable in Precinct 7.

Mr. Kennedy as lived in a number of communities in the county and was born near Maysfield, a section of the county that has produced more Sheriffs than any other.

After retiring from office in January 1941, Mr. Kennedy moved to his sandy land farm in the Hanover community where he lost no time in pro-

VINCE LESIKAR, SR., DIES AT HOME IN CAMERON

Vince Lesikar, 83, native of Czechoslovakia, died at his home in west Cameron at 10 p. m. Sunday, March 22, 1942.

Mr. Lesikar was born on September 28, 1858. Wen a small boy he came to the United States. He had lived in Milam county for many years and had lived in Cameron for about 12 years.

Funeral services for the aged pioneer will be held at 3 p. m. Tuesday from the Marek-Burns Funeral Home with interment in Oak Hill cemetery.

The body will be at the family residence until time for the funeral hour on Tuesday with the Marek-Burns Funeral Home directing arrangements.

Mr. Lesikar is survived by his widow, Mrs. Katherine Lesikar, 2 sons and 2 daughters as follows: Will Lesikar and Miss Frances Lesikar of Buckholts, Vince Lesikar and Mary Lesikar of Cameron. He is also survived by one sister Rosalie Macah of Buckholts and several grand children.

Five Young Men Are Injured in Cash Near Caldwell

Five young men were sverely injured at Caldwell Saturday night and one critically injured in a wreck on the Highway.

They are: Davis McGoldrick, Hub Bell, Thurmon Donaldson of Yarrellton, Lee Lock of Buckholts and Mitchell of Rosebud.

The young men are living at Freeport and were returning to their homes to visit over the week end when the accident occured.

No details were available to the Herald, but it was understood that one negro was killed in another machine which crashed with the car occuped by the young men.

Bell is in critical condition and is in the Cameron Hospital.

Sam Oliver Makes Solo Flight Friday March 13 at Coleman

Welcome news cames from Sam Oliver who has just made his solo flight at Coleman.

Sam wants to know about receiving the Daily Herald. Unfortuately the publishers can not mail out the Midget despite the fact hundreds of requests have been made for this paper.

Sam has been in the Air Corps now for sometime and reports that he has soloed after nine hours time and on Friday, 13th. He really enjoys flying.

Sam was a student at A & M College and left school to enter the armed service and his many friends here and as Buckholts who will be happy to know of his progress.

"Keep 'Em Flying, Sam and let us hear from you again."

Mrs. Myrtle Pounds of Liberty was a Cameron business visitor Saturday.

LAW AND ALLDAY ARE PRAISED BY MANY

Expressions of genuine approval today high lighted the re-action to the announcements of Roy Law and Charlie Allday for school trustees.

Readers of the Daily Herald were first to have news of their announcement published Wednesday afternoon.

Both have expressed a commendable attitude and a desire to serve in this responsible place. Mr. Law and Mr. Allday are both men of wide business and civic experience and will bring to the board strength and wise planning for the public school system.

Both have announced as candidates of the people as a whole and were glad to know of such advance reception of their unselfish offer to be of service.

Mr. Law in his announcement said he believes the elective board of seven members should direct the policies of the school system at all times.

Thus has been stated an issue of paramount importance to the people and no doubt in a large measure explains the already wide public approval of these candidates.

Senator Vick Pledges Continued Efforts to Get New Bridge Here

Senator Kyle Vick of Waco assured members of the Rotary Club and their guests today that he expected to get the new bridge over Little River, but said it would be impossible at this time to overcome the fact that no allotment of steel can be made.

Senator Vick said he would leave for Austin within a few days and make an effort to get Highways 77 and 190 designated as military roadways through Milam County. If this can be done the material required for the construction of the bridge will be forthcoming.

Discussing the war effort he said all the blame should not be placed on organized labor but both labor and capital should reach an understanding. He said he favors a low ceiling on profits from war contracts.

Milam county has been neglected, he said, but the Senator pledged himself to work for the county and believes he will ultimately successed with the bridge and the highways.

Chamber of Commerce Directors Fail to Elect A Manager

The Directors of the Chamber of Commerce meeting Tuesday night declined to elect a Secretary and Manager, it was announced Wednesday morning.

It was said two applications had been received from outside the city and two had been made by local men.

According to leaders among the Directors experienced Chamber of Commerce executives are difficult to obtain at this time. Many here hoped the Chamber would employ a poultry expert in order to put over the program which is so necessary to the complete development of the farm income but this may not be possible at this time.

Cameron Negro Now In Parachute Unit Writes Home

Here is the first story to reach the Daily Herald from any of the colored boys now in the United States armed forces.

A post card from Freddie Lee Reeves to City Marshal Gene Smith comes from Camp Lee, Virginia.

Freddie tells about his service up there, that he is well pleased and is regarded as an intelligent member of his force.

He is in the Parachute Troops. Here is what he says "Send me a bunch of the boys out of the few that are left. I can get them in the Parachute Troops. I am in a swell place. I will be home in 1951."

Recently the United States Army Air Corps commissioned a large number of fliers among negro cadets who have completed their training. So far as known Freddie Lee is the only Cameron colored boy who is in the Parachute Troops.

Mr. and Mrs. Thomas Graves of Austin, spent the week end here with his parents, Mr. and Mrs. George T. Graves.

DARK DAYS AHEAD FORECAST BY NEWS

"The situation is grave but not hopeless."

This is the time worn admission by the British that another country is being lost and was first heard when Germany invaded Poland.

It was last heard when the Japanese took Java and just prior to that it was the daily communication of the British war office while the Japs were taking Singapore.

Now India is falling and the communication is "The situation is grave but not hopeless."

On the basis of developments over the past 24 hours it appeared the situation is as dark as any the allies have faced since the war began.

Japanese soldiers are landing by parachute, are encircling the British lines and have cut the road to Mandalay in two places.

The situation is growing steadily worse and although Sir Stafford Cripps reports success so far it is believed the British strategy now is to give up India.

Winston Churchill in London said the situation in the Atlantic is growing worse.

Japanese bombing planes are over Corrigedor and four of them have been shot down.

There is no indication that the Japs would attempt an early invasion of Australia.

In Tokio this morning the government is calling a conference on a plan to give freedom to India. Because India is not defended it will be an easy matter for the Japs to get it.

India is the second most populous country in world.

HUDSON WOODS BOOSTS "FOOD FOR VICTORY"

A development of great interest to farmers in the sand country is announced by Hudson (Doc) Woods of Milano who is sponsoring the food victory program and furnishing a market for black eye peas.

Mr. Woods has begun an advertising campaign in the Herald to tell farmers in the sand land area about the importanee of black eye peas.

Mr. Woods wil maintain threashers at Rockdale and Milano and will give a ready market for peas.

Mr. Woods points out that peas may be planted with the least possible risk as production is almost certain and this year they are bringing a good price. Mr. Woods is to be congratulated on his interest in this production and considerable financial income will result to this section of the county.

Mr. Woods says "Uncle Sam needs your help. He wants you to produce food for victory and nothing is more certain to produce here than peas."

WASHINGTON

By
CONGRESSMAN POAGE
Defends His Record
in Congress

We are receiving so much mail these days in regard to the 40 hour week and related subjects that I have wondered just how many of our people read these weekly news letters. I have tried to give the people of Central Texas a factual report each week of the matters that come before the House, and to advise them both as to my own vote and the action taken by the House. It is, therefore, a little surprising to find that many of our people either don't know or have forgotten that the House of Representatives has already actually passed, by a rather substantial vote, a bill, on December 3, 1941, which as I explained at that time required arbitration of strikes in defense industries; required union officials to account for the funds they took in; and put a stop to the disgraceful and un-American racket of charging American citizens exorbitant fees to work on a Government defense job. This was known as the Smith Bill. I voted FOR it. It has been lying in a Senate committee ever since. This is not the fault of the Texas Senators, but it must be remembered that Congress is composed of two houses, and that the House of Representatives has acted on this matter.

Likewise, many of those who write in seem to have forgotten that at least 62 of us in the House voted FOR the suspension of the 40 hour week during the war. I was one of the 62. The vote was taken on Feb. 27, 1942, on the Smith Amendment to the War Powers Bill. I have heretofore tried to explain this bill in this column, and the opponents of my stand led by a small group in Waco, who I think are primarily interested in promoting political opposition to me, have been very critical of my vote. I am, however, still convinced, as I said in a radio speech on April 7, 1941, that "France fell because of weakness behind the line." That it is impossible to win a war on an "eight-hour, five-day-a-week" basis. I can't, however, understand why so few of those who write don't know how I have voted, and don't know how the House has voted except that most of those who write do so from the larger cities where my news letters are not published regularly.

I know, of course, that the people of Central Texas are fully aware of the seriousness of the situation. They have proven for the past two years that they were more ready to face the facts than the people of other sections, and that they were well ahead of many members of Congress. Our people are cheerfully making every necessary sacrifice. They are assuming their full share of responsibility. They want everyone else to do likewise, but they are disturbed. They want action. They are, as all people are, disposed to blame someone for the delays and defeats we have suffered, and I feel the same way.

I, therefore, welcome this expression of public interest and take it as a good sign. The people of our Democracy are not always very discriminating. They may blame a Congressman for the failure of the Senate to act, or they may blame the Legislative branch of government for the acts of the Executive, but in the long run they will insist on a sound course of action on the part of their government. This is the strength and virtue of Democracy. Under such a system no matter what happens to individulas the nation will live, and that is the one big thing. This nation must win this war so decisively that there will never again be any threat of another outbreak of international banditry—and that is the way we are going to win it.

During the past week the House has considered what is known as the Second War Powers Bill, specifically conferring on the President a number of powers that it seems desirable for him to have in order to more effectively conduct the war. I realize that the President must have very broad powers, and I voted for the bill which was passed. I could not, however, agree that a necessity existed for the establishment of the so-called Woman's Auxiliary Corps to the Army. I realize that there are many services which women can properly render in support of and in aid of the Army. I think, however, that the women, like men, should serve either as civilians or as outright members of the military force. I realize that most of the newspaper articles in regard to this bill gave the impression that these women (150,000) were to be enlisted in the Army itself. I recognize that in spite of my antipathy against calling on our women folk to do our fighting that such a force might be very useful if we had a place to put them, but at present we don't have adequate facilities for our men. And, the fact is that this bill leaves the women who enlist free to resign just as civilian employees are. I cannot under those circumstances see what advantage would be gained by putting a uniform on these ladies. They certainly wouldn's be soldiers if they could quit any day they didn't like their food or their uniforms—and that is what they could do under the bill. I, therefore, voted against it in spite of the fact that it was evident that it would pass by a substantial majority. I simply don't believe in the creation of additional agencies to duplicate work already being done without any fanfare.

With best wishes, I am.

Yours very sinecerly,
W. R. POAGE,
Congressman, 11th Texas District.

SLAVIK HEADS CONSERVATION SOIL COMMITTEE HERE

W. C. Torrence Will Oppose Poage for Congress in July

W. C. Torrence, City Manager in Waco, is a candidate for Congressman to oppose Congressman Poage in the July Primary.

Mr. Torrence announced several days ago and it was indicated the issue would be the conduct of the war.

Waco newspapers have been critical of Congressman Poage and the result of the criticism is believed to be the announcement of Mr. Torrence.

Mr. Torrence is not well known in Milam county and Congressman Poage has alawys been popular with the people here. The race will be an interesting one.

Avoid Replanting! TREAT COTTONSEED WITH CERESAN

Progressive planters of Texas, Oklahoma and every other cotton state have proved how successfully CERESAN seed treatment reduces seed rotting and sore-shin, generally improves stands, saves costly replanting and commonly increases yields—often 10 to 25%. Oklahoma A. & M. College reports, "Dusting the seed with Ceresan is in more general use than any other cottonseed treatment..." Temple, Texas, reports some tests in which "germination was doubled." Give your seed this protection this year! CERESAN costs only a few cents an acre; is easy to use. Get it from your dealer and treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

TREAT OTHER SEEDS, TOO!

Use Semesan Jr. for corn; New Improved Ceresan for small grains; Semesan for vegetables; Semesan Bel for potatoes.

LULL COMES TO THE BATTLEFIELDS OF WAR

Except for a fierce battle now ragging in Burma the war was slowing down and Japan may have been put on the defensive in some areas of the far east.

Two waves of Japanese planes bombed the coast of New Guinea Tuesday morning, but no further attempts have been made to invade Australia.

There seemed some reason to believe the Japs would not undertake an invasion of Australia at this time.

Over in the Philippines 54 Japanese bombing planes attacked Corrigedor and three of them were shot down.

Early reports indicated that these planes were large ones and not seen heretofore in any of the air battles over Bataan.

On the Washington front the Congressmen were fearful they might not be able to return home for the Easter holidays, but there were indications that Congress would not act on the proposed repeal of the 40 hour week or other similar legislative matters until they had returned home to find out what the people are thinking.

A wave of criticism has swept the country and may not have been justified in every instance. The people are worried over lack of progress in the war and have placed all the blame on organized labor.

The Administration has also been criticized and President Roosevelt is losing prestige with the people and that is exactly what the Axis powers want to happen in this country. On the other hand the administration should become more vigorous in prosecution of the war.

Grabein-Chev. Co. Was First to Sign Up For Bonds

The Herald has been asked to again make a correction regarding the claim of who was first to begin all out subscription to war bonds.

Grady Little, in charge of the drive, reported Grabein-Chevrolet was the first. The Burkes-Howard Company said they were the first and we printed that story. Now we find that Grabein-Chevrolet was first and we make correction.

These errors were not made by the Herald but were made by the Burks-Howard Company innocently. We are glad to know that both firms are in there doing their bit for national defense.

TWO JAP CRUISERS ARE SUNK OFF NEW GUINEA

Two Japanese Cruisers were sent to the bottom in the waters off New Guinea early Saturday in the continuing battle with U.S. Airmen doing a stellar job to fight back the Jap invasion of Australia.

A new report shortly aftern noon disclosed that one of the cruisers hit by an American bomb has exploded and sank in a mass of flames.

General Douglas MacArthur in a statement in Melbourne told the Australian people not to expect miracles but assured them he was not only going to win the battle of Australia but going back to take the Philippines from the Japs.

Even as the General spoke his men had staged a surprise offensive against Jap forces 600 miles from Bataan and inflicted heavy losses.

A large U. S. merchant ship was reported sunk off the Atlantic coast.

German is Arrested Near Hearne For Enemy Activities

Otto Brumbach has been arrested in connection with enemy activities near Hearne, it was disclosed today to the Daily Herald.

Last week the story of this arrest was printed but no name was given because at the time the name of the man could not be ascertained.

Since that date the Herald has obtained the name of the man held in custody of Federal Agents.

Brumbach was employed on a farm near Hearne and it was said that others may be involved in subversive activities.

The Agents of the Bureau of Investigation, it was understood, confiscated short wave radio equipment which is contraband under war regulations.

There has been considerable speculation here as elsewhere over the failure of the Federal government to arrest persons known to be unsympathetic with the war effort and openly in favor of Hitler and his government. It is doubtful if such action will be taken by the Federal Bureau of Investigation, but for certain types of offense men are subject to arrest and are being arrested.

For the time at least subversive elements in the community and those individuals who are known to be openly sympathetic with the Axis powers will have to be held in line with public sentiment.

Wake Up, America ---- It's Late!

The nation needs to awaken to the full gravity of the peril that confronts it.

It needs to appreciate how badly we have been defeated in three months of war.

It needs to understand that it is possible for the United Nations and the United States to lose this war and suffer the fate of France—and that this possibility may become a probability if the present tide does not change.

It needs to realize that there is grave chance of the Japanese pushing through India and the Germans driving through the Near East, to join their armies and resources in an almost unbeatable combination.

It needs to get away, once and for all, from the comforting feeling that while we may lose at the start we are bound to win in the end.

Only when fully aware of existing perils will the United States do its utmost. Pray God that awareness will not come coo late, as it did in France.

Production Director Donald Nelson appeals for vastly increased industrial output on a 24-hour, seven day basis—168 hours a week. Maximum production, in short.

Can we get it?

Not on the present basis—not under the psychology of recent years.

Not until we quit thinking in terms of less work for more money.

Not while there is greater concern about overtime pay then overtime production.

Not while farmer politicians are more interested in higher prices than raising more essentials.

Not while government bureaus—created to meet a depression emergency that is ended—continue trying to grab for themselves money needed for armaments.

Not while an army of federal press agents clamors to promote and perpetuate activities that have no present need or value.

Not while congressmen try to put over useless canals and river schemes and take up the time of defense officials clamoring for factories and contracts as if war were a great gravy train.

Not while WPA, despite a shortage of labor, seeks to carry on projects which it doesn't have the men to perform or the need for performing.

Not while CCC and NYA stretch greedy hands for funds to pamper young men who ought to be in the armed forces or the war plants.

Not while strikes hamper war production, despite a solemn promise that they would stop.

Not while the life-and-death need for uninterrupted production is used as a weapon to put over the closed shop.

Not while double time is demanded for Sunday work which is only part of a 40-hour week.

Not while a man can't be employed on an army project or in a war plant until he pays $20 to $50 or more to a labor racketeer.

Not while criminal gangs control employment and allocation of men to work on the Normandie and the other ships along New York's vast waterfront.

Not while fifth columnists are pampered and enemy aliens move freely in defense areas.

Not while the grim job of preparing our home communities against air raids and sabotage is gummed up with a lot of high-faluting, boondoggling, social service activity.

Not while pressure blocs clamor for bigger benefits, bounties and pensions.

* * *

We will not get maximum production, in short, unless, first, we fully realize our awful peril. and, second, get over the gimmes of recent years.

Gimme shorter hours, gimme higher wages, gimme bigger profits, gimme more overtime, gimme less work, gimme more pensions, gimme greater crop benefits, gimme more appropriations and partronage, gimme plants for my congressional district, gimme fees and dues to work for Uncle Sam, gimme ham 'n' eggs, gimme share-the-wealth, gimme me $30 every Thursday.

France had the gimmes, too—had them till the Germans were close to Paris. Then everybody went frantically to work—too late.

France has no gimmes today—except gimme food for my baby, gimme a place to lay my head, gimme death. Will the United States wake up too late?.—Houston Press.

STILL FIT AT 61

Jersey City.—Rejected by the Army on the grounds of age and physical disability, Othel Baxter, former U. S. S. Army Major and veteran of three wars, recently completed a 61-mile walking trip on his 61st birthday in order to satisfy himself that the Army authorities erred in disqualifying him.

Smallpox used to strike almost all children. A fourth of those it visited, it killed. Others it marked and maimed. Then, in 1796, along came Dr. Edward Jenner, an English country doctor, with a shield against the scourge. "Vaccination," he called it. Dairy farmers, he knew, had long believed but feared to reveal that once a person had had cowpox, a much milder disease, he'd never catch smallpox. Jenner proved that and showed a skeptical world how to use that important knowledge. Three years later Dr. Benjamin Wathehouse, of Boston, began vaccinating in America. Last year only 1,368 cases of smallpox were reported in the United States. There's cause for elation in that story—but not for complacency. The battle never ends. Neither does the fight against diphtheria—of which 16,922 cases were reported in 1941. The other day a young mother we know was complaining to her pediatrician about the pain which an innoculation would cause her baby. "My dear lady," he sighed, his patience ebbing, "you have never seen a baby choking with diphtheria. Take it from me, you never want to!"

WELCOME ABSENCES

Young Bill approached the nurse in trepidation.

"I came to make an appointment with the dentist," he began.

He's out just now," said the nurse.

Bill's face brightened. "When do you expect him to be out again?"

POWER—where it's needed!

• The amphibian tractor—a startling product of American industrial ingenuity—delivers *military power* where it will do the most good.

The electric network—another example of industrial resourcefulness—connects hundreds of operating electric companies and delivers *electric power* at points of need.

Built up by the business men who manage America's electric companies and produce ⅞ of America's power, this nation-wide web of electric lines has proved its vital value in the war emergency—by providing power for tank and plane plants, shipyards and arsenals almost anywhere overnight.

The careful, planned production of electric power will continue—we pledge it—until the war is won—until America's tractors turn from dealing death to planting peaceful fields.

Negro Held For Burglary Escapes

A negro by the name of Montgomery has escaped jail.

He escaped while religious services were being held on Sunday afternoon and has not been recaptured, according to Gene Smith, City Marshal, who arrested the negro several days ago for burglary.

The negro entered the home of a negro woman and took a pair of glasses which were later found over a window plate in the home of another negro.

The negro woman was awakened by the prowler and told him she knew who he was and asked him to leave. After he had lighted a lamp he blew out the light and left.

City Marshal Smith was notified and the negro was placed under arrest. He said the negro told the woman if she moved he would kill her and threatened her while searching for money.

U. S. Fleet Raids 2 Japanese Held Isles

The Americon Pacific Fleet carried out a successful raid on Wake and Marcus Islands on February 28 and March 4, it was revealed today by the Navy Department in Washington.

According to a late broadcast today the Japanese suffered heavy casualties and lost some ships and a number of planes.

The attack was launched from cruisers carrying bombers with fighter escort planes and the attack was similar to that made on the Marcus Islands.

The final battle in the Philippines is expected soon as the Japs are reported to have received large reinforcements for the coming assaults upon General Wainright's troops.

UNITED NATIONS CARRY WAR TO THE ENEMY

The British navy, with air support has attacked an Axis convoy in the Mediterranean and 11 ships were sunk, according to a noon broadcast Monday.

Details were not available immediately, but it was known to have occured sometime Sunday and one of the most successful attacks yet made on a convoy in that area.

In the South Pacific American air men were carrying the war to the Japs and have made a number of successful raids on New Guinea where the Japs had the assistance of German missionaries in a quick conquest of that Island.

The broadcast said that heavy losses had been inflicted in the enemy.

A fierce battle is raging in Burma where the Japanese have begun to attack under the leadership of General Stillwell of the United States army. It was believed to be the beginning of an all out assault on all fronts by the United Nations.

The Russians have slain more than 30,000 German soldiers in the last three days of battle on the eastern front with significant advances in the sector around Smolensk and are said to be moving up large concentration of troops for a new offensive.

American fighting planes have made their appearance in large numbers over the front in Russia.

The front in Washington was stagnated as usual with the President on one side and the American people on the other, the dispute being the 40 hour week and time and a half for over time.

American workmen in war plants are working less than 6 hour per day except in cases where they are paid time and a half for over time.

Negro Is Arrested For Chicken Theft

Charlie Allen, negro, was arrested early this morning by City Marshal Gene Smith near the Santa Fe tracks in the southwest part of the city for stealing chickens.

Mr. Smith said the negro had stolen some chickens from Frank Jekel who lives on Star Route out of Cameron.

Charlie Allen has twice served in the penitentiary and about 12 years ago was sentenced along with another negro to prison for rape of a negro woman.

Mr. Smith said the negro had spent the night in a small vacant farm house near the Jekel farm and shortly before daylight this morning went to the chicken house and took the chickens.

The Marshal was driving out to the slaughter pen and saw the negro at a west grocery with the chickens. The grocerman refused to buy the chickens and the negro left the store, walked across a pasture and Mr. Smith came back to town and drove south across the tracks and stopped at a dump along the rails and waited for the negro and as he came over the dump Mr. Smith placed him under arrest and obtained a confession on how he had stolen the chickens and the farm from which they came.

The negro is now in jail.

Pleasant Hill First To Reach Quota In War Bond Sales

Pleasant Hill, a small community south of Rockdale, became the first to subscribe its quota in the current sale of war bonds and stamps.

W. W. Blocker, who is Chairman of the committee at Pleasant Hill reported this morning to Emory B. Camp, Chairman for the county, that at a meeting held there the quota had been over subscribed by $500 and no doubt more will be raised.

This is the most encouraging bit of news that has come out of the bond drive in weeks and will be a stimulus for other communities in the drive to sell $936,000 worth of war bonds in the county.

Hugo McCawley of Rockdale was a Cameron business visitor Saturday.

L. S. Svetlik of Buckholts transacted business in Cameron Saturday.

YOUR USE OF THE TELEPHONE IN WARTIME

TODAY telephone wires are humming with the urgent messages of a nation at war.

In a few localities and on certain long distance routes, these vital messages have brought heavy loads. Elsewhere we are still able in most places to give you good service, however, and there is no reason why you should not make normal use of your telephone.

But you can help us serve both you and the war effort by avoiding any wasteful use of telephone facilities. So please keep in mind these four simple suggestions:

4 WAYS YOU CAN HELP

1. Speak clearly. Having to repeat yourself takes time, and ties up the lines needlessly. Please talk in normal tones directly into the mouthpiece, with the lips about ½ inch away. It's better not to talk with a cigarette, pipe or pencil in your mouth.

3. Answer promptly. Even seconds are important these days. However, when *you* make a call, give the other fellow enough time to reach his telephone before you hang up.

2. Hang up carefully. A book or other object under the receiver may put your telephone "out of service." Please replace the receiver carefully. It will insure your getting all incoming calls.

4. Avoid "rush hours." You may avoid occasional delays if, when possible, you will *not* make long distance calls during peak hours—10-12 A.M., 2-4 P.M., and 7-8 P.M.

EASTER REVIVAL AT THE METHODIST CHURCH

The Easter Revival of the Cameron Methodist Church will be conducted by the pastor, Rev. Bob L. Pool, March 29 to April 5.

Services will be held each week night except Saturday at 8 p. m. with the senior choir in charge of music.

The revival theme will be "The Last Week in the Life of Jesus."

There will be an infant baptism service Sunday, March 29, at 11 a. m. A class on the meaning of church membership will be taught at 4 p. m. daily by the pastor from March 29 to April 3.

The Union Good Friday service will be held as usual from noon until 3 p. m. There will be a Easter Sunday morning sunrise worship and communion at the First Christian Church.

Special features of the revival will be as follows:

General assembly of the Sunday School, March 29, at 10:20 a. m.

The members of the Woman's Society of Christian Service will attend in a body Monday night.

The Stewards will sponsor the Tuesday night service.

The Church School workers and pupils will set together Wednesday night.

The Epworth League will sponsor the Thursday night worship, and there will be attendance cards for the membership on Friday night.

Easter Sunday morning new members will be received.

An offering of $1,000 to bring all church items up to date will be taken.

HOYTE PTA

The Hoyte PTA met in regular monthly session last Friday, March 20, with nine members and two visitors present.

The pupils of the primary room had charge of the program and they shewed a marked ability in self expression. The fifth graders Billy Jean Whitaker, Johnny Ichinger, David Hause, Edsell Burnett, Roy Sanders, Marvin Thompson, Edna Lee Peed and Bobby Ann Burnett dramatized the story of "Mogul, a Little Indian Boy" in moving picture form. They also read original poems.

The third grades: Monroe White, Jr., Dorothy Batey and Edith York very ably disscussed the things they have learned about Texas. The second graders: Neut Aschenbeck, Billy Bickett, Albert Burnett and Ichinger performed in arithmetic and spelling. The art exhibit was good.

At the business meeting following the program it was decided to await a talk with Mrs. Bennie Holley before joining the WPA garden project. A called meeting will be held later and we hope to have all school patrons attend when notified.

The next monthly meeting will be on April 24.

ANYWHERE THAT IT IS ASSAILED

The official British revelation that Japanese soldiers at Hongkong, after the surrender of the city, bayoneted helpless men and women, some of them Europeans, should not suprise Americans who have made any effort to keep up with the activities of Japan in China for the past five years.

That Japanese soldiers wantonly attacked women, Chinese and European, and often killed them, has been established by many reports. After the looting, rapine and killing that followed the fall of Nanking nobody but a simpleton would expect good behavior from Japanese soldiers.

Self-satisfied Americans, who are immune to the suffering of innocent peoples far from home, should take notice of what this nation may expect if the Japanese invade the United States. They should bestir themselves to every exertion to prevent such a blight upon our civilization.

More than the defense of our own land, we must resolutely prepare the way for preventing new Japanese outrages in the future. The defense of our civilization means its defense anywhere in the world that it is assailed. The raping and killing of women by invading soldiers, even in China and the Far East, should not leave us so aghast that we stand motionless.

ALL WHEELS AND TIRES GONE

Baltimore, Md.—John Landis discovered, on going to rear of his home to get his automobile, that someone had been there during the night and removed all four wheels, including tires, of course, from his car.

HE LEFT

"Boys, did I get stuck on some Florida property."

"Did you buy it?"

"No, I had to pay $50 for the hire of a mules to pull my car out of it."

Hudson (Doc) Woods of Milano was here Wednesday. He plans a large scale pea buying campaign this year. Farmers can now turn their sand acres into profits.

Miss Jesse Martin and Wallace Dunham Are Married In Cameron on St. Valentine Day

Miss Jesse Martin and Wallace Dunham were married here on St. Valentine Day by Rev. O. C. Acrey, pastor of First Presbyterian church.

The wedding occured at the home of the pastor with only a few close friends at the Manse.

Dunham left the following day for Camp Blanding, Florida, to join his company in the armed services.

He enlisted more than a year ago and had received his training at Camp Bowie near Brownwood.

The bride remained in Cameron with her parents but may join her husband later if war conditions permit.

The bride wore a beautiful Royal Airforce blue costume of crepe with harmonizing accessories. She is the daughter of Mr. and Mrs. Jesse Martin.

Mr. Dunham is the son of Mr. and Mrs. L. J. Dunham of this city and a brother of Miss Bessie Dunham, chief clerk in the office of Homer Nabours, county clerk. Both the bride and groom are graduates of Yoe High School. Before his enlistment Mr. Dunham was employed in Bryan.

Local Boys at Jackson Air Base Entertained By Mr. & Mrs. F. L. Adams Formerly of Cameron

Three Cameron men now in the armed service were guests recently in the home of Mr. and Mrs. F. L. Adams, in Jackson, Mississippi.

Lieut. Thomas J. White, Army Air Corps; Pvt. Frank Richter; Pvt. John A. Wallace, all of Cameron and Kleber Jones of Belton, were invited to the Adams home for a dinner and day and evening of entertainment on Sunday, March 3rd.

It was a happy occasion for the Cameron men as neither knew of the other's presence at the air base and the entertainment brought them together.

Mr. and Mrs. Adams formerly lived in Cameron but have made their home in Jackson for the past quarter century.

Mrs. Adams was the former Miss Rosa Kemp, a sister of Judge Jeff T. Kemp. Some years ago Mr. Adams was manager of the Carey-Lombard Lumber Company in Cameron, since changed to the Wm. P. Carey Lumber Company.

Interested in lumber as a business for years Mr. Adams owns large mill interests near Jackson. Their last visit here together was on the occasion of the wedding of Miss Ruth Kemp, niece of Mrs. Adams and daughter of Judge and Mrs. Jeff T. Kemp.

Lieut. White was transfered to Jackson Air Base following his graduation at Ellington Field where he was commissioned in the army air corps.

Frank Richter, son of Mr. and Mrs. Frank Richter, Sr., in Cameron, volunteered for service in the army air corps and was sent directly to Jackson.

John A. Wallace, son of E. A. Wallace, prominent lawyer here, was also sent to Jackson following his enlistment. Both men are attached to the 8th Reconnaisance Squadron at the Jackson Air Base and are thought to be training in aerial photography. Jones of Belton is salo in the same branch of the service.

Frank and John have both written to their parents telling of the fine courtesy extended by Mr. and Mrs. Adams. Lieut. White also has written about the entertainment in the Adams home.

May Soon Start Work on Piers for New Bridge Here

The State Highway Department will soon authorize construtions on piers for the new bridge over Little River it was said Wednesday in a communication from Senator Kyle Vick which reached the Daily Herald on Friday.

Senator Vick was in Austin last week and confered with Engineer Greer of the Highway Commission. Senator Vick said that he had been assured that regardless of the priorities on steel the pier construction will go ahead.

The Highway Department will also proceed with the purchase of right of way and the pier construction will follow.

When steel is available the bridge will be built but it is unlikely it can be built until the war is over or steel can be alloted.

The bridge in its present state is unsafe for traffic and repairs should be made if the bridge is to continue in use.

May 4, 5 and 6 Are Sugar Registration Dates For Families

Registration dates for sugar rationing cards were set for May 4, 5 and 6 by the office of Leon Henderson, Price Administrator in Washington early Saturday.

Chas M. Hicks, will distribute the books through the public schools and registration will be conducted through the school system.

John B. Henderson, tire czar, will also have the added responsibility for the sugar books, in fact has been made administrator for four counties with Cameron the zone center.

ESCAPE FROM BATAAN STORY IS NOW TOLD

General Douglas McArthur Friday said he had come to Australia from Bataan and was going back.

At the same time General Stillwell who has been made commander in chief of the Allied Armies of China, Burma and India, joined with MacArthur.

Their joint statement is they will take the war to Tokyo.

The London Daily Herald has received from its correspondent in the far east a breath taking story of MacArthur's escape from Bataan with his wife and their small son.

With his family and small staff of officers, the General went to a dark beach off Corregidor where they broaded swift torpedo boats and slowly left the harbor. When out to sea the boat with escorts turned in toward shore and opened up with their motors. At sunrise the boats put into a cove far down the isle. This sort of travel continued for several days. Finally the party reached the appointed place where planes were waiting. Then began a 200 mile flight to Australia.

The enormous speed of the motor boats was protection against submarines.

Two American Generals are now directing the far east war effort.

The Japs are advancing in New Guinea through the aid of German missionaries who have prepared the way.

Rotarian O'Connell Brings Program; Its About Dear Old Ireland

(From Rotary Cogs)

Rotarian O'Connell's program on Ireland was as invigorating as his engaging smile and Irish personality.

Many of us had looked forward to this occasion when he should speak to us. Breathes there a man with soul so dead who to himself has never said, I must see Ireland.

Rightfully the speaker was Father A. L. O'Connell, Pastor of St. Micnael's Church in Burlington. To thousands he is Father O'Connell. No doubt somewhere you could find it written Augustus L. O'Connell. It is our rare privilege to just call him "Gus."

He is one reason why so many love Ireland. It was a good day for Rotary when he became a member.

Father O'Connell was born in Ireland, the country about which he talked with such engaging interest. The subject was St. Patrick whose traditional and legendary glories deeply influence millions throughout the world.

Father O'Connell talked about Irish love for America and told something of the age old struggle with England and explained away some confusion over the recent attitude of DeValera over landing of American troops in Ireland. Every Irish home, he says, is open to Americans.

From this Island whose rugged coast is battered by the surges of the North Atlantic have come millions to America. Their lives are a part of the unfolding drama of American growth and development.

We liked the way Gus expressed it when he said that he did not love Ireland less but America more, for here, said he, "I have come to live and to die. Here is my life and my work."

Many of his classmates at school are now in Australia, in Africa and distant places. He came to America along about 1925. He was ordained to the Priesthood at LaPorte seminary in about 1930. He has been pastor at Burlington for about two years. He has been a much loved citizen among us since the first day we saw the emerald in his eyes and now he belongs to Rotary.

F. D. R. Seizes Rail Line; Orders Road To Resume Operation

In the first such action during war time or under his almost a decade of rule in Washington, President Rooseveit Saturday ordered government seizure of the Burlington and Ohio Railroad, a small 100 mile system.

Men on the road have been out on strike for several months over a wage dispute. The railway company claims the increased pay cannot be met.

It remains to be seen whether the men get the increased pay at government expense or the railway company.

Convict Chase Report Enlivens Session of Officers Under FBI Auspices Here Thursday; Enemy Alens Now Object of Intense Watch

Cameron was host Thursday to the District Meeting of the Department of Justice with Federal Agents here for a conference with peace officers.

Only three officers were absent from Milam, all of them precinct officers. More than 75 officers were present for what was said Friday by LeRoy Massengale as the largest gathering in the history of the conferences.

Valter White, host sheriff, treated his guests to a barbecue. Assisting was Grady Little, local Legion member.

When the roll was called more than 75 officers were in the Milam Theatre graciounsly tendered by Stanley Swift. Officers praised Mr. Swift for his courtesies and the use of his projector room for the special picture.

The meeting here was said to have dealt with the enemy alien situation. Right now it is understood the Department of Justice is concentrating on these types of offenders.

Judge Gillis talked to the officers at the opening of the session at 1 p. m.

A feature that high lighted the meeting was a report from Sheriff Valter White of Milam and Sheriff Clint Lewis of Burleson who had just been in on a merry chase of 5 escaped convicts.

The men figured in the break from a state prison farm, stopping in Caldwell where they kidnapped a man and a woman after a cafe stick up.

The convicts were captured in LaGrange by State Highway Patrolmen. The sheriffs were in on the chase and returned here to tell the story.

The robbery occured at 1 a. m.

Sgt. Kelley of Waco detailed the recent Mexia bank robbery case for the officers.

At 6 o'clock the officers went to the home of Grady Little where the barbecue was served.

The next meeting will be held in Franklin on May 13.

JOHN BATLA DIES HERE LATE THURSDAY

John Batla, 82, pioneer and a native of Czechoslovakia, died suddenly at 4 p m. Thursday, March 19, 1942, at his home near the city.

Mr. Batla's death was caused by a heart attack.

His health had been poor but he was believed to be doing well for one so advanced in age. The news of his death was received through the city with shock and genuine sorrow for he had many friends here

Mrs. Batla died 11 years ago and is buried in Oak Hill Cemetery where the body of the husband will be buried.

Funeral services will be held from the Marek-Burns Funeral Home at 6 p. m. Friday, March 20, 1942, with interment in Oak Hill Cemetery.

Rev. H. E. Beseda, pastor of the Czech-Moravian Church at Caldwell, will conduct the services

The death of Mr. Batla strikes from the ever lessening role of the pioneers a name long regarded with esteem here He came to America when a young man and has spent the major part of his life here in Texas. He was born July 4, 1860.

He is survived by the following children: John Batla, Misses Louise and Gertrude Batla and Mrs. Joe Ondrej all of Cameron. Mrs. J. A. Sustek of Ft. Worth; Mrs. Nolan Shelton of Giddings; Joe A. Batla of Houston and Frank Batla of Cameron.

There are 12 grand children and two great grand children.

Pall bearers will be members of the SPJST Lodge.

O. L. PRATT DIES

O. L. Pratt died at his home near Hoyte last Tuesday and funeral services were held Wednesday afternoon.

Mr. and Mrs. Make McDermott and baby have moved to Banquette, Texas, where Mr. McDermott has a place with the Refugio Refining Co.

Largest Egg Seen Here Brought In By Tom J. Wardlaw

What is said to be the largest hen egg ever seen here was brought in by Tom Wardlaw of the Central Freight Lines Friday.

The egg was found Friday at his home and was laid by a White Wyandotte hen.

The egg weighs 6 and a half ounces as much as three ordinary size eggs. It is 8 and a half inches in circumference and 10 inches around the horizontal measurement.

Tom thinks his hen has gotten the idea alright. Milam county has been asked to produce 3 million dozen eggs this year. This Wyandotte hen starts off with a tripple egg.

Miss Ruth Marek is ill at her home in Burlington. She returned from Dallas last week where she has been attending school.

Cold Wave Forecast For East Texas

Indications that a severe cold wave may be reaching out into north east Texas, came Friday when the forecast was for a decided change.

A change of temperature and a possible 15 degrees above in north east Texas indicated strongly that Cameron may feel a portion of it. Live Stock warnings were issued.

Fruits will be ruined and corn, already up may have to be replanted.

News has reached friends here of W. M. Cobb of Weslaco, in Rio Grande Valley, of his recent serious illness. He is reported to be some better and has been taken to his home from a hospital in Mercedes. Mrs. Cobb was reported also to be on the sick list, but some better. Mr. and Mrs. Cobb have many close friends in Cameron who regret to hear of their illness and hope for them a speedy recovery.

R. E. WISE 81, PIONEER DIES AT MAYSFIELD HOME

R. E. Wise, 81, pioneer and native of Alabama, died at his home in Maysfield at 6 a. m. Monday morning from a heart attack.

Mr. Wise, born in Alabama, came to Texas in 1897 and settled in Montgomery county. He lived there five years then moved to Milam county. He had been a resident in the Maysfield community for many years where he lived quietly on his farm and where his influence was strong because of the fine example he set for the community as an upstanding beloved citizen.

Surviving are his widow, Mrs. R. E. Wise and three sons as follows: Luther Wise of Seadrift, Collis Wise of Yoakum and J. P. Wise of Maysfield.

Funeral services for Mr. Wise will be held from the Presbyterian church in Maysfield at 3:30 p. m. Tuesday afternoon with Rev. C. Henry Bailey, pastor, conducting the services and the Green Funeral Home in Cameron will direct arrangements.

Defense Rally Will Be Held Wednesday Night at San Gabriel

A Defense rally under the direction of the Milam County Council of Defense will be held at San Gabriel Wednesday night, it was announced here this morning my Emory B. Camp, Chairman of the Council.

Mr. Camp will make the principal address and this is to be one of a series of important meetings to be held in each community in the county.

At the meeting of the Defense Council held on last Monday night plans were made for these meetings and subscription books were given to Chairmen of the various communities for the sale of war bonds and stamps.

The Home Defense Council is one organization in the county that is getting results and there is a wide interest in the activities of the Council as evidenced by the attendance here on Monday night of around 300 or more people from all sections of the county.

The communities are faced with the responsibility of selling $936,000 worth of securities this year and while in some instances it appears doubtful if some of the communities can reach their quotas the people are not discouraged, but are going ahead with the job as it becomes good Americans.

Julius Tomasek of Buckholts was a Cameron business visitor Saturday.

Commodore Hatfield Dies in Hospital at Liberty On Monday

Commodore B. M. Hatfield, 54, whose father Commodore Hatfield, Sr. once anchored his steamboat on Little River east of Cameron, died Monday afternoon in a hospital in Liberty.

Hatfield was well known in Cameron and frequently visited here in the old days.

He spent most of his life exploiting the possibilities of navigation of the Trinity River and was a candidate for United States Senator last year. He was known as the Commodore of the Trinity.

His death was due to injuries sustained several days ago near Madisonville while climbing the bank of the Trinity.

His life was colorful. He was said born in 1888 on the fourth of July, although there seemed some doubt of that date as he was in the Boxer Rebellion in China in 1900 and later in the Philippines when the United States occupied those Islands.

On his last visit to Cameron Commodore Hatfield, a close friend of the late T. S. Henderson, gave a lecture on the lawn of the Henderson home and a part of the program was the "marriage of the waters" in which he mixed the waters of many streams and rivers, including the Nile in Egypt.

R. L. Batte was severely shocked to learn of the Commodore's death and telephoned the Herald this morning to tell about the steamboat which Hatfield, Sr., ancored here about 1940.

KENNEDY

(Continued from page one)

ducing crops from which he has made a modest living.

Mr. Kennedy is a man of fine personality and warmth of character that brings him many friends and few men have retired from office with a greater number of friends in all sections of the county.

When he first offered for Sheriff in 1934 his race was impressive because he was elected by a large majority. At that time Mr. Kennedy pledged the people that he would give them the benefit of all his energies and he obtained the co-operation of all the people and his six years in office prove that he kept his word to the people and was the Sheriff of all the people at all time, being efficient and impartial in the administration of his duties.

In 1940 Mr. Kennedy's health became poor and it was necessary for him to leave the county for several months for treatment in a sanitarium. Mr. Kennedy, although his health was impaired at that time, continued to give constant everyday service to the people at great sacrifice. When the campaign came on Mr. Kennedy found it difficult to make an active canvass of the county for re-election.

In making his announcement Tuesday Mr. Kennedy said that he is deeply grateful to all the people for the favors that have been shown him and although he was defeated in the Primary of 1940 the loyalty of his friends still made him strong because he was victorious in 29 of the 48 voting precincts in the county and was defeated by only 131 votes.

In discussing his race Mr. Kennedy said: "For the past six months or more my friends in all sections of the county have been constantly offering their support and asking me to make this race. I have considered these expressions and as a result have decided to enter the race, keeping in mind these pledges with the thought that we the older citizens must carry on at the home front while the young men are called to duty in the armed forces of the country. One of my four sons is now serving in the army and the other three are in the military age limit and are awaiting their call.'

Mr. Kennedy's friends point out that because of his experience and mature years he will be in position to serve as Sheriff more efficiently than during his previous administration.

"I have regained my health and will be able to enter the office fully equipped to do more hard work which will be required of me. The office of Sheriff is one which requires long hours, hard riding, straight thinking and I know I am now strong enough to do the job."

"I take pride in saying that the books and records in the office of the Sheriff during my three terms of six years are as straight as an arrow and are easy to understand. I am proud of that record and from that record I can answer any question touching upon the affairs of the Sheriff during those six years." In discussing the all important matter of selecting Deputies Mr. Kennedy said "If elected I will bring into my office men who are past military age which is up to 45 years and they will be Deputies who are capable in every way, with sound judgment, who can weigh problems and who will possess the ability to serve in my absence because they will be that kind of men. I pledge the citizens that I will be fair and just in all my dealings and in my service to the people I shall regard all of them alike regardless of their creed, nationality, color or position in life.

Mr. Kennedy said he would make as active campaign as possible to discuss with the citizens of the county his qualifications and his desire to be of service to them in this time of unusual local and national need.
